

SUBJECT INDEX

A

- Acanthosis nigricans, incidence of, in necropsy material, 299
- Adhesive tape, as a cause of irritation, 219
- Allergen, human dander as, 329
- Allergic dermatosis, treatment with thephorin, 65
- Alpha-estradiol, effect of in facial hypertrichoses, 49
- Antibiotics, immunologic relationship of trichophytin to, 165
- Arterioles, in essential hypertension, 285
- Aspergillus clavatus, action of culture filtrates of, on dermatophytes, 41
- Azodyes, and paraphenyldiamine, in nylon stockings, hypersensitivity to, 203

B

- BAL, skin sensitization to, 281
- Benadryl ointment, local use of, 95
- Bistrimate (sodium bismuth triglycollamate), in chronic discoid lupus erythematosus, 159
- Blastomycosis, experimental production of, in mice, for testing chemotherapeutic agents, 87

C

- Calciferol in sarcoidosis, 131

D

- Dander, human, as allergen, 329
- Darier's disease, generalized, bullous, 17
- Dermatitis, contact, from streptomycin, 3
- Dermatophytes, action of culture filtrates of Aspergillus clavatus on, 41
- Dermatoses, treated with thephorin, 65
- Dichlorophenoxyacetic acid, ineffective as fungicide, 283
- Dihydrotachysterol in sarcoidosis, 131
- Dyskeratosis, bullous, generalized, 17

E

- Eczema vaccinatum, report of cases, 321
- Eczematous cross-hypersensitivity to azodyes in nylon stockings and to paraphenyldiamine, 203
- Electrophoresis, introduction of histamine by, 187

- Electrolysis, use of in tinea capitis, 1
- Erythema solare, effect of para-aminobenzoic acid in, 307
 - inhibition of by pyribenzamine, 163
- Estrone, effect of, in facial hypertrichosis, 49

F

- Fatty acid esters, as fungicides, 243
- Fungicide, salicil as, 277
 - 2,4 dichlorophenoxyacetic acid as, 283
 - fatty acid esters as, 243
- Fungus infections, specificity of skin tests in, 249

G

- Guinea pig, toxicity of penicillin in, 261

H

- Hair, in a case of malingering, 55
 - root, the story of, 91
- Histamine, introduced by electrophoretic technic, 187
- Human dander, as allergen, 329
- Hypertension, arterioles in, 285
- Hypertrichosis, local effect of, estrone and alpha-estradiol in, 49

L

- Liver function in psoriasis, 125
- Lupus erythematosus, bistrimate (sodium bismuth triglycollamate) in, 159
 - oral treatment in, 159

M

- Malingering, hair in case of, 55
- Mice, experimental blastomycosis in, 87
- Microscopy of skin surface, 11
- Mustard, nitrogen, in treatment of mycosis fungoides, 195
- Mycosis fungoides, treatment of with nitrogen mustard, 195

N

- Nomenclature, 213
- Nylon stockings, hypersensitivity to, 203

P

- Para-aminobenzoic acid, sunburn protecting effect of, 307

Paraphenylenediamine, and azodyes in nylon stockings, hypersensitivity to, 203

Pemphigus, streptococci in, 151

Penicillin, bismuth salts of, 157

blood levels in, 157

mercury salts of, 157

in sesame oil and wax, 255

silver salts of, 157

therapy in early syphilis, 269

toxicity of, for the guinea pig, 261

vaginal and rectal suppositories of, 155

pH of skin, determinations of, 5

Philological note, 213

Psoriasis, liver function in, 125

reactive hyperemia response in, 31

Pyribenzamine, use of, in erythema solare, 163

R

Rectal suppositories of penicillin, 155

S

Salicil, fungistatic properties of, 277

Sarcoidosis: calciferol and dihydrotachysterol in, 131

Scalp, sebaceous secretion of, 67

Sebaceous secretion on the human head, 67

Sensitization, cross-, to paraphenylenediamine and azodyes in nylon stockings, 203

to adhesive tape, 219

to BAL, 281

to streptomycin, 99

Sesame oil, penicillin in, 255

Skin, microscopy of surface of, 11

Soap, pH studies following use of, 5

substitutes, pH studies following use of, 5

5

Society for Investigative Dermatology, report of eighth annual meeting, 107

Sporotrichum schenckii, multiple budding in, 315

Streptococci, in Pemphigus, 151

Streptomycin, contact dermatitis due to, 3

epidermal sensitization to, 99

Sunburn, effect of para-aminobenzoic acid in, 307

inhibition with pyribenzamine in, 163

Sweat retention syndrome, 221

Syphilis, as a field for research by the dermatologist, 113

penicillin therapy in early, 269

T

Test, reactive hyperemia, in psoriasis, 31

vaginal contact with penicillin suppositories, 155

Tests, specificity of, in deep fungous infections, 249

Thephorin, treatment of allergic and other dermatoses with, 65

Tinea capitis, electrolysis in, 1

Trichophyton, immunologic relationship of antibiotics to, 165

Trichophyton sulfureum, infection of galbrous skin by, 63

V

Vaginal suppositories of penicillin, 155

Varicelliform eruption, report of 2 cases, 321

Vesicant vapors, the susceptibility of human skin to injury by, 75

W

Water, role of in susceptibility of skin to injury by vesicant vapors, 75

Wax, penicillin in, 255
